WAKA MEMORIES

Marilyn,
Best of luck
to a rebel Reb.
Remember the
Class of '64

Love ya
Carol Bell

P.S. Remember
our Class.

Marilyn,
I can't really
say too much (rather stupid
you know), but all would
like to wish you the
very best of luck and
happiness, and lots of
success, that & all
you deserve.

Love
Roy

PS- Don't forget Physics

Marilyn,
Long time ago I could
remember when you used
to be the only
girl with a left handed locker.
Anyway just to
tell Nicky that
Bonds, to concentrate more
instead of girls.
I wish you all the
be around so every one can
enjoy your sweet.
love ya always,
Hank

Marilyn Northrop

Marilyn
Hi! The
best of luck
absolutely
everything to you!
(And always remember
our days in gym and
auditorium) study hall
together! Thanks for all those
calorie filled potato chips
and the secrets about Capitol Bakery!
Good luck to
college. I'll
you'll do fine!
Love,
Laura

P.S. I still think
it's pretty
sneaky the
you slipped
the trip for operation
Bookworm!!
me!

roy c. ketcham high school / wappingers falls, n. y. / ben f. ingraham, principal

hi
you don t know me but
i ve been a secret observer
at roy c ketcham this year
and i ve seen and heard
just about everything
one of my early observations was
that the 1964 portico
was going to be candid and informal
the entire student body
has provided the material
for this pictorial epic and
the simplicity of every day events
has served as a background
perhaps this collection of memories
needs no description
just as memories themselves
need no explanation
however since i am the wee small voice
speaking for r c k
i have decided to preface this book
with a few candid remarks
based on my observations

after a long vacation school opened
with the usual excitement of meeting
friends and adjusting to classes
then a new excitement took over
when activities began
the first surge of school spirit
was upon us at the games
as evidenced by the combined enthusiasm
of the teams cheerleaders booster club
marching band and spectators
even after fall sports finished
i never lacked for entertainment
the pleasant sounds coming from the auditorium
were the strains of music of the mixed chorus
with the selected choraliers
adding a special note here and there
not to be forgotten were the sonatas
and symphonettes heard during
orchestra rehearsals
even though there weren t
seventy-six trombones
the band roused student spirit
with majestic marches
i really appreciated these contributions
to cultural interests
but for real fun

nothing can beat prom time
getting decorations ready was
as exciting as the prom itself
once i almost got covered
with that spray paint
have you ever seen room 136 before a prom
it is a frightful mess but
out of this chaos emerges
a lovely setting for an enchanting evening
it was exciting to watch the couples arrive
to listen to the band and to watch
the crowning of the queen

another thing that gave me a thrill
was the senior play
i never missed a rehearsal
i knew every line of the script
painting scenery was a show in itself

all in all there was so much activity
around school this year
that i had a hard time
getting to all the clubs and things
every afternoon i had a chance
to observe something different
the wapperian staff the writers club
blood and ivy staff and debate
to mention only a few

i realize activities are a necessary part of school life
the most important phase however
is the academic development
of the student
everyone in this school
has a chance to strengthen his character
through studies each student learns
to broaden his horizons and
acquire a sense of responsibility so that
he may become worthy and capable
of being a leader
i can t begin to name all the students
who were inducted into
the national honor society
nor recall the names of the scholarship winners

i ve written more than i had planned
and besides
one picture is worth a thousand words
and one memory is worth
a thousand pictures. . . . . .

Anyone for some good cold cider? That was the salesmanship cry that came from the Wakarusa F.F.A. around Halloween. They were happy to announce that their cry was answered for they sold 750 gallons. Another cry was six anybody, seven, sold for eight, Yes, you guessed it "the slave auction." The F.F.A. was organized at Wakarusa in December of 1953. Their primary aim is the development of agriculture, leadership, co-operation and citizenship through learning farming practices and tractor maintenance. Mr. Williams is the sponsor and we found it was the only organization which hunted down rodents. Their object however was for the annual pest contest.

Emory and Newell find plenty of work. The problem is finding helpers. Right boys?

Above: "See they're harmless!" The livestock judging team should be complimented on a fine job of representing our club at both the county and district judging contest. They ranked first in county and eleventh in district. A fine job boys! Left to right are Brian Wenger, Darrell [redacted]sup, Ronnie George, and Frank Wil-

Jim, Patsy, Loren, Jeanette, Ken, and Karen are just taking a break before tackling the last half of the quiz with Jefferson. The score is tied, who will win?

Our quiz team has held the county championship five times in the last six years. We hope this year they will win another trophy for us.

Foundation

Decade of Destiny is the theme song of our club and a fitting one it is with all the uncertainty in our world today. We feel that the future of this world lies in the youth of this world. The purpose of our club is to lead teens to a better way of life unlike that of communism and to give them hope for a future unknown.

Jeanette, Judy, Patsy, Anna Marie, Charlene, Karen, Kathleen, Loren, Jack, and Kenny, the officers of our Y.F.C. Club, have been trying very hard to create new and unusual programs for our noon meetings. Mr. Tom Miller, our sponsor, has been a great help and guiding hand in helping our club be a success. We thank you Mr. Miller.

One of the special programs this year was the program featuring the Palermo brothers. Their ventriloquism act with the antics of Hortense set everyone to laughing. They also sang for us some special numbers in song with their accordion and guitar for an accompanist. This also we enjoyed very much. We sure hope they come back again sometime.

Today's Reading

The Library Club was organized in our school in 1942. The members also hold membership in the State-wide Hoosier Student Library Association. The girls are in charge of the library under the direction of Mrs. Miller, the school librarian. Today books are the foundation of education. Our future depends on the knowledge we acquire from these books.

(Left to right) Anna Marie Conrad, Vice President; Janice Stickel, Secretary; Cynthia Horein, Student Council; Glenwyn Horein, President; Margo Stump, Treasurer.

"Looking for a book?" The Senior Library Club members are well informed about the library and the many books which are on the shelves. To run a well-organized library it takes work, but the girls are willing to sacrifice their time and effort.

Tomorrow's Experiences

Left to right: Janice Chokey, Treasurer; Ella Lou Husband, Secretary; Harriet Allen, President; Rita Bleile, Student Council.

Junior Library girls get to share the fun and work of mending books.

In order to be good librarians the junior girls are taught the locations of books, how to mend and repair them, and how to use the files and catalogues which add to the speed of finding a book. They serve as apprentices under the trained senior members. Together the clubs work to better the future development of the Library System.

The next time you go to the county fair and pass the many projects which require hours of work, remember these girls who made them. The Hopi Maidens is a girls 4-H club composed of junior and senior groups. It was organized in our school in 1951; it is under the direction and supervision of Mrs. Cook. The girls take projects of foods, clothing, and crafts. The purpose is learning by doing; they also work on many community projects.

Serving Our Community Through 4-H

The Wizards is an agriculture 4-H Club of the school. The main objective of 4-H is learning by doing. Special attention is given to each one individually as well as in the projects he participates. Although the goal is learning through experience; pride in our project and making them qualify for a blue ribbon is also part of the club work. If you are between the age of 9 and 21, interested in animal care and practical points of farming; investigate the projects offered, whether dairy, beef, electric projects, or others, remembering that the club is always open to new members.

Pictures Are Our Business

Above: "You think we can do it, Glen?" "If it can be done with pictures, we can do it, Lester."

This is the third year for the Photo Club. The members have one objective: to obtain better and more eye catching pictures. They are taught how to develop and enlarge films and the proper procedures for taking classroom and activity shots which appear in the yearbook. They are aided by the help of Mr. Weaver, their sponsor.

Screams, Sweat And Spirit

Coach Tom Miller

"Action and Hustle." These qualities, plus determination has filled many of our games this year with all the Hoosier Hysteria that can be expected from basketball.

The story of our past season is not shown in the record as we lost many games by only a few points. Although the spirit was there, the one or two points needed for victory could not be found.

No county team that defeated us can truthfully say that theirs was an easy victory.

This is the story of our team this year, and we are proud of them.

We're gonna fight with all our might, we're gonna win this game tonight. This was the battle cry of the one hundred twelve girls who are in the cheerblock. The cheerblock has given a tremendous boost to both the team and its fans. The pep band has worked along with the cheerblock in many songs and hand routines. The complete cheerblock is to back the team at all home games and a few away games. They wear their purple and white shirts, with their white gloves. The front row girls all wore purple skirts. The cheerblock has done a very good job this year and should be congratulated on their fine job.

Enthusiasm Is Growing For Cross Country

This past fall we replaced our baseball program, with the sport of Cross Country. Formerly, baseball was played by all county schools, during this season, but the officials decided to play our county league in baseball in the summer; thus giving time to run Cross Country in the fall. There were twenty-four boys, who practiced each day, and then we would take the best ten each time and run them in the meets. This being the first year for the sport on a county basis, it was hard to stimulate interest; we hope that with each year interest grows until we can develop into a strong running unit. Cross Country consists of one event and the length of the race is two miles. Only seven boys from each school can place, and in Cross Country the low score wins. Next year we hope we can improve on this year's record.

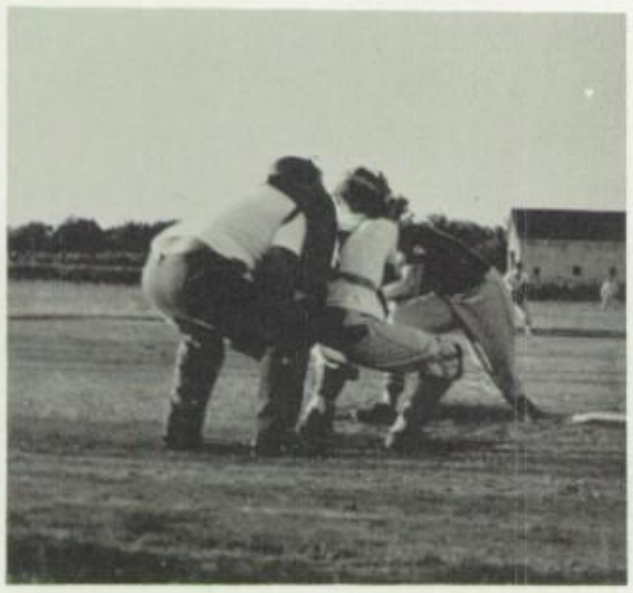
Uncle Ferris And His Little Wheels

Waky's Pep Band is an all male organization and is known as "Uncle Ferris and His Little Wheels". It rehearses on Monday morning at 7:00 A.M. and plays mainly Dixieland and popular music.

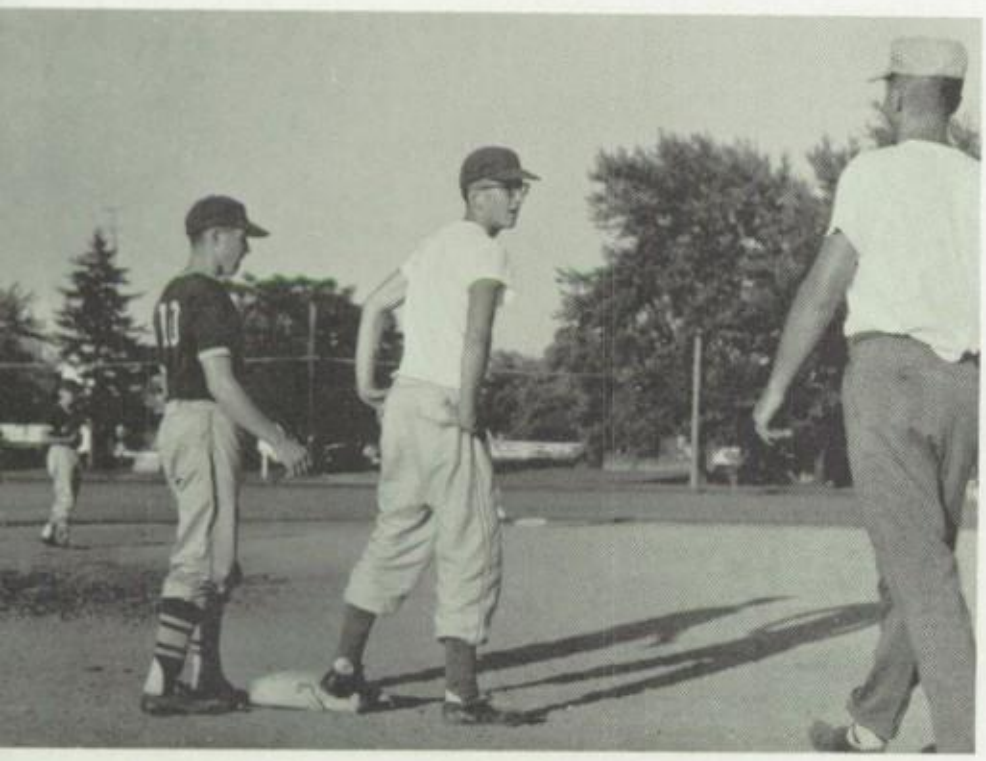
This baker's dozen plus two affair has marched through the halls disrupting all classes for pep sessions and has made itself heard at all home basketball games. It also works in conjunction with the cheerblock on musical yells.

So, hats off to the group which does its job and that adds pep and life to our ball games.



Inside pitches are a menace at times.

Weaver clears bar at 10 feet even.



Now that he has reached third, let's keep him there.

With the ball in the air, who gains possession?

Boys, don't let down with a 9-6 record.

Indians attempt to show rebounding power.

In the first stage of our journey through high school we have had many new experiences. We got acquainted with one another, and after a few weeks had made many new friends. One of our jobs that some liked and others disliked was making a collection of bugs and leaves. Another high point was our trip to Chicago to the Museum of Natural History. This year has been wonderful despite the few rough spots. In the three stages remaining of our journey we will be reaching for the stars and hoping to gain much knowledge of the world around us.

The second stage of our soaring through high school was very rewarding and exciting. To start our year out right we took a trip to the Indiana State Fair. One of the most exciting high points was the ordering and receiving of our class rings. We are looking forward to a great future as we rocket upward.

Our whole world of high school has revolved around Mr. Rohrer, who has been a guiding hand through the rough spots, and always ready for fun in the light spots. Together with his wife, Lucille, they have worked hand and hand with us and have never been "wet blankets."

In this last chance to give credit where credit is due, each and every one of us would like to say a very sincere—THANK YOU, MR. ROHRER.
